(PDF) Feminist Political Ecology - ResearchGate

As opposed to radical and liberation-based feminist movements, mainstream feminism is tightly bound with hegemonic social status strives to promote equality within the existing social and political structure, such as making it possible for women to occupy positions of power in business, industry and politics, using direct involvement as the main tactic for achieving pay equity and influence. In contrast, many ecofeminists oppose active engagement in these areas, as these are the very ...

Feminist Political Ecology explores the gendered relations of ecologies, economies and politics in communities as diverse as the rubbertappers in the rainforests of Brazil to activist groups fighting racism in New York City. Women are often at the centre of these struggles, struggles which concern local knowledge, everyday practice, rights to resources, sustainable development, environmental quality, and social justice.

Feminist Political Ecology: Global Issues and Local ...

Feminist political ecology is a feminist perspective on political ecology, drawing on theories from post-structuralism, feminist geography, and cultural ecology. Feminist political ecology examines the place of intersectional social relations in the political ecological landscape, exploring them as a factor in ecological and political relations. Specific areas in which feminist political ecology is focused are development, landscape, resource use, agrarian reconstruction and rural-urban transfer
