Performance Studies The Interpretation Of

Performance studies is an interdisciplinary field that studies performance and uses performance as a lens to study the world. The term performance is broad, and can include artistic and aesthetic performances like concerts, theatrical events, and performance art; sporting events; social, political and religious events like rituals, ceremonies, proclamations and public decisions; certain kinds of language use; and those components of identity which require someone to do, rather than just be, ...

Performance studies - Wikipedia

The Second Edition of Performance Studies: The Interpretation of Aesthetic Texts, by Ronald J. Pelias and Tracy Stephenson Shaffer asks students to use performance as a means of understanding the artistic utterances of others. It functions as a practice-based bridge between the long respected tradition of oral interpretation and current trends in performance studies research.

Unlike another academic field that might exclude certain questions from its range of purview, Performance Studies is a method of inquiry that posits an underlying dimension of 'performance' to all human behavior—from Native American pey- ote rituals to high-speed NASCAR races to getting dressed in the morning.

A STUDENT'S GUIDE TO Performance Studies

The twelve essays in this volume reflect the most important trends in the study of musical performance. Three areas are investigated: the psychology of performance, the semantics of performance, and the relation between performance and analysis. The first section broaches fundamental issues such as text, expression, musical motion and the role of practice in the acquisition of expertise.
